

How many years have I been miles away
And in your love I'm busy
Don't talk and don't give up
Why every two days I see you anyway
Well, I'm miles, miles, miles

I went country and walked country
And in my heart your picture is inside me
Oh my love, what is the last dimension?
What do you leave behind the end?

Don't talk and don't give up
Why every two days I see you anyway
Well, I'm miles, miles, miles

I reached above the clouds
And your eyes painted a star
And I forgot all the torment there
And I came back with love with me

Don't talk and don't give up
Why every two days I see you anyway
Well, I'm miles, miles, miles
